

The healthcare app that's made for mobile but *designed* for you.

ASi 1Mobile enables you to easily and securely access your healthcare spending accounts. You can view account balances and detail, submit healthcare account claims, and capture and upload pictures of your receipts anytime, anywhere on any iPhone, Android or tablet device.

The ASi 1Mobile app provides you with seamless account access since it is an extension of the ASi WEX Cloud Consumer Portal – and doesn't require you to setup any additional credentials. Now by using your smartphone you can assess your HRA, HSA and FSA account balances, and you'll know how much money you have available to spend on qualified medical expenses at the time of purchase.
